## AMERICAN PUT TO THE SWORD.

### Wisconsin Men Murdered by Chinese Pirates.

### Two Companions Hurt and Attempt to Burn Them.

### Gen. Sheng's Allies Compel Him to Cease Advance.

(BY A. P. NIGHT WIRE TO THE TIMES.)

PEKING, March 26.—Further news has reached here of the attack made on three Americans by Chinese pirates near Wu Shan, province of Szechuen, on March 23, when Bert Hicks of Oshkosh, Wis., was killed and Philip Hoffman of Ohio and A. N. Sheldon of California were wounded. The American legation received today a dispatch that Hoffman and Sheldon are recovering.

A Hankow dispatch said the three Americans, who were members of an exploring expedition on the Yangtze River, were asleep in their boat at 3 o'clock in the morning when seven pirates armed with swords attacked them. After the Americans were cut down, the pirates set the boat on fire in an attempt to burn the bodies of their victims.

The Associated Press has received a telegram from Sian Fu, province of Szechuen, signed by Messrs. Robertson, Young and Shorrock, who are missionaries. They refused to comply with the summons of the British legation to depart from Sian Fu to the coast with the relief expedition that left there recently. All other foreign missionaries were also refused. Robertson and Young, who are physicians, said that they could not leave several hundred persons who are wounded and dying in Szechuen to abandon the converts. The wife of Mr. Young is an American. She and Mrs. Shorrock remained with their husbands.

The telegram from the missionaries said Gen. Sheng Yun, who recently was reported marching on Peking, with 15,000 troops, had refused to enter into negotiations with President Yuan Shi Kai's emissaries. He had been compelled to retire, however, because his Mohammedan allies had agreed to peace. The situation at Sian Fu was critical, the telegrams which were dispatched from Peking having intimated. The soldiers were engaged in plundering Sian Fu and the neighboring districts. The American legation has received word that two parties of foreigners, for the most part missionaries, of whom four are Americans, are leaving Sian Fu. The first party, which started, but the road to Peking is extremely dangerous.

Reports regarding the re-establishment of order in the province of Szechuen are favorable, and northern and southern officers are assembled in Peking, attempting to reconcile the differences between the respective armies.

Telegrams published in the Official Gazette from Gen. Li Yuan Heng, the republican commander, confirm the belief held in diplomatic quarters, that the Fu Chang military party supports Yuan Shi Kai's government. But the Nanjing operation, which still is endeavoring to safeguard against a dictatorship, is considered serious. The unification of the government, however, is thought to be a matter of time, and the Nanjing government is expected to receive recognition within a short time.

Financiers who have the matter of loans to China under consideration refuse to advance money without the sanction of both the Nanjing and Peking governments.

### FATE OF VESSELS UNKNOWN.

Tug and Steamer Collide Off Vancouver and Former Is Reported Sinking. Efforts to Learn Facts Vain.

SEATTLE (Wash.) March 26.—[Exclusive Dispatch.] The dense fog that still hangs over Burrard Inlet, British Columbia, has concealed the fate of the tug Monitor, which came into collision with the fishing steamer Flamingo, off North Vancouver, B. C., early this morning. The only report received of the accident was to the effect that the Monitor was sinking. An underwriter's agent is now on his way to Vancouver to investigate the wreck. At Vancouver there is no word at all of the accident, neither vessel has wireless. The report was forwarded to Seattle by wireless this afternoon that the Flamingo and the Monitor met in collision in the thick fog early this morning. It is not believed any lives were lost.

The Monitor was reported so badly damaged she was beached and the Flamingo has a stove-in bow. Neither vessel has yet been located. The Monitor was formerly the well-known Puget Sound steamer Lydia Thompson. The vessel is the property of the Washington Tug and Barge Company. The Flamingo is the property of the New England Fish Company of Vancouver, B. C. The Monitor, Seattle with four crews and two barges in tow, bound for British Columbia, last Saturday.

### WILL VOTE ON STRIKE.

Representatives of Locomotive Engineers Decide to Submit Question to a Referendum.

(BY A. P. NIGHT WIRE TO THE TIMES.)

NEW YORK, March 26.—Fifty representatives of the Brotherhood of Locomotive Engineers, headed by Warren S. Brown, voted here today to submit to a so-called strike vote the question of the increase and standardization of wages, as refused by the eastern railroads. It will require several days to distribute the ballots. April 10 has been set for making public the result.

The demands of the engineers of the fifty railroads east of Chicago and north of the Norfolk and Western railroad having been refused, and neither of the committees of the railroads and the engineers indicating any retreat from their position, moves were made today to submit the whole matter to a referendum vote of the engineers involved to determine what policy should be pursued.

There has been no talk of a strike and, in fact, Grand Chief Warren S. Brown of the Brotherhood of Locomotive Engineers, said many things which had happened before a strike took place.

"We are not talking of a strike," said Brown. "We are a long way from a strike. We believe our demands are just. If we did not we would not have made them."

## TAFT GETS DELEGATES.

(Continued from First Page.)

preparing for a soft fall all along," he proclaimed. "They will be beaten today and yell fraud tomorrow. It is all a part of a concerted plan for contests over delegates all over the country. They're making the contest in Indiana and all about it. I could say that also Roosevelt committee has been spending more money on the primaries today than has ever been spent by either Taft or the Republican organization on a primary election in this country. The Roosevelt committee spent at least three times as much today as the Republican organization spent for the routine expenses at the general election two years ago. We spent \$25,000 then. That means that they spent \$75,000 today, at a conservative estimate. That is exclusive of what individuals may have spent in their own districts."

In addition to what is quoted above, President Koenig paid some attention to the attacks on President Taft and the organization, made by Col. Roosevelt in his whirlwind flash up and down the East Side of New York last night.

### RAP AT ROOSEVELT.

In this connection, he said: "I have always regarded the office of President of the United States as one of dignity. To announce one's candidacy for the office or to announce upon the principles involved in the issue is perfectly proper, but to my mind—and I am not prompted to say these things from any spirit of soreness or spite, but from the honest conviction that I have seen in American politics in the past, when a man who has had that high office twice literally goes out in the streets and begs votes from corner to corner to enable him to obtain a second term."

Leaders of the Republican organization were in conference late tonight trying to figure out what might be the result of the election. Leaders of the Roosevelt boom with the legal advisers were also in conference, and were plainly intimating that steps might be taken to have the entire election declared illegal. Law committees of the Republican Committee, after a short session, declared that the election would stand. A section of the primary law provides that, if it should happen that the official ballots are not on hand when the booths are opened, makeshift ballots may be prepared on the spot, either by printing or by long hand. This clause, say the lawyers, will make the result of today stand.

As a result of the mix-up the vote today was exceedingly small, but it was stated by the leaders that the division as between Roosevelt and the Taft men was about as it would have been had there been a full vote.

### MAY HAVE NEW PRIMARY.

When it became apparent that tens of thousands of voters had been literally disfranchised through the failure of the ballots to be delivered at the polling booths, the leaders of the victorious faction as well as those who led the Roosevelt fight declared that they would seek to have Gov. Dix take steps at once to provide for a new primary election in New York City.

Following a midnight conference at Republican county headquarters, Samuel S. Koenig, the county leader, declared that he would personally ask the Governor to pave the way for legislation which would make it possible for the voters of the city to give full expression to their sentiment as regards the Taft-Roosevelt issue. The contention of the Roosevelt workers was that the result "nothing," inasmuch as so many men had been disfranchised. The leaders of the Taft campaign believe that there were to be a full primary vote it would result in a much greater defeat for Roosevelt than did the partial vote of today. With 113 districts missing, the Taft total vote in New York City was 38,493 and Roosevelt 14,014.

### TAFT LEADS IN INDIANA.

### SO ROOSEVELT BOLTS.

(BY DIRECT WIRE TO THE TIMES.)

INDIANAPOLIS, March 26.—[Exclusive Dispatch.] Two sets of delegates—large to the Chicago convention were elected today by the Republicans of Indiana, the first set by the Taft forces in the regular convention, the second by the Roosevelt following in the same hall after the President's delegates had retired.

Negotiations were on late tonight to divide the delegates at large, two and two, Washington was appealed to, according to one representative, but word came back from Taft headquarters that the Flamingo and the Monitor met in collision in the thick fog early this morning. It is not believed any lives were lost.

The Monitor was reported so badly damaged she was beached and the Flamingo has a stove-in bow. Neither vessel has yet been located. The Monitor was formerly the well-known Puget Sound steamer Lydia Thompson. The vessel is the property of the Washington Tug and Barge Company. The Flamingo is the property of the New England Fish Company of Vancouver, B. C. The Monitor, Seattle with four crews and two barges in tow, bound for British Columbia, last Saturday.

### BEVERIDGE NAMED BY BOLTERS.

"Why, you could not dignify that bolt by calling it even a rump convention," said Now. "No more than 10 per cent. of the 467 Roosevelt delegates, taken on a motion to the minority, or Roosevelt, report of the Credentials Committee, showed the Taft forces in control by a majority of 145 delegates in the primary. The vote was 772 on the Roosevelt side were 867."

Harry S. New, national committeeman for Indiana, authorized the assertion he was willing to bet that the matter never would be carried to Chicago, as was asserted by the Roosevelt supporters.

### WITNESS NAMED BY BOLTERS.

"Why, you could not dignify that bolt by calling it even a rump convention," said Now. "No more than 10 per cent. of the 467 Roosevelt delegates, taken on a motion to the minority, or Roosevelt, report of the Credentials Committee, showed the Taft forces in control by a majority of 145 delegates in the primary. The vote was 772 on the Roosevelt side were 867."

Effort was made to reach Mr. Beveridge, but he is away from the city, whether he sanctioned the use of his name as a contesting delegate-at-large or not was not known.

The Roosevelt convention adopted no resolution but those which had been drawn up by the minority of the committee of the regular convention were accepted. The resolutions included, among others, a referendum, or the recall, legislative and judicial.

Inquiry also was made of Taft and Roosevelt men disclosed that there was strong opposition in both factions to Col. Roosevelt's plan for the recall of judges and judges decisions. The Taft men declared the ex-President's Columbus speech and others like had alienated many voters from him in this State.

From a spectacular viewpoint, the regular convention was not up to the advance notice.

For twenty minutes after the con-

## WHERE TO SIGN TAFT PETITIONS.

(Continued from First Page.)

Republicans who want to expedite the filing of the petitions placing on the ticket the name of President Taft and the twenty-six delegates to the Republican national convention in June may enroll themselves by visiting the Taft Republican headquarters, Room 323 Angeles Hotel, any time today or tomorrow.

Chairman Stanton last night invited all to join in this enrollment, as the opportunity will end with tomorrow evening.

When the regular convention got down to business the galleries kept up such an uproar that no progress was possible. The temporary chairman, Senator William R. Wood of La Fayette, who, according to the Indiana idea, "invented the steam roller," let the crowd have its will until it was tired out.

### ROOSEVELT MEN HAD ORDERS.

Warnings had been given that the Roosevelt faction who planned to prevent any work by the convention if it should be shown that the Taft people were in control, and this was supposed to be the signal to carry out orders. Addison Harris, reading the resolutions of the regular convention brought the noisiest demonstrations from the galleries, who were shouting and waving their arms and carrying flags.

When the regular convention got down to business the galleries kept up such an uproar that no progress was possible. The temporary chairman, Senator William R. Wood of La Fayette, who, according to the Indiana idea, "invented the steam roller," let the crowd have its will until it was tired out.

## SHARPSHOOTERS TO RUSH ALLEN OUTLAWS AT DAWN.

(BY A. P. NIGHT WIRE TO THE TIMES.)

HILLSVILLE (Va.) March 26.—A squad of sharp-shooting deputies will strike a final blow at dawn to capture Sides Allen, Friel Allen and Wesley Edwards, indicted for the murders in the Carroll county Courthouse.

Detective Thomas L. Felts returned here tonight to direct the sortie. Without hope of arresting Swanson Allen, who he believes has escaped from the mountains, Felts is confident that the trio of outlaws will be caught within the next forty-eight hours.

The rehabilitated court of Carroll county resumed its sitting today in the courtroom where scores of bullet holes dot the walls and dark blotches of blood stain the floors, mute reminders of the events of March 14. Of the old court officials there remained only Clerk Dexter Good, who was wounded in the fray.

Civil proceedings begun by families of the victims endeavoring to recover damages by attachments on the property of the outlaws occupied the attention of the court. The subject will be argued again in Roanoke on Saturday.

The defending attorneys asserted that Victor Allen, indicted for murder and in jail with his father, Floyd Allen, at Roanoke, did not participate in the tragedy, was of the prosecuting attorneys said the grand jury called tomorrow to draw new indictments might not re-indict Victor Allen and that he might be released tomorrow night.

### FOUR SCORE ARE KILLED IN MINE GAS EXPLOSION.

(BY A. P. NIGHT WIRE TO THE TIMES.)

BUEFIELD (W. Va.) March 26.—Eighty-four men were killed today by a gas explosion in the Jed Coal and Coke Company's mine at Jed, W. Va., about six miles from Jed. Only eleven men escaped alive and one of these died within an hour after being brought to the surface.

Tonight, thirty-three bodies had been located and the rescuers hoped to have them out shortly. It is hoped to have all the bodies out by noon Wednesday.

When the explosion took place probably only the eleven men working at the foot of the shaft had a chance for escape. The explosion, which was their way up the cages, which were not damaged. Though some of the blades of the fans were shattered, they continued to operate, with the result that enough air was present to admit searching parties immediately.

Less than half an hour after the news of the explosion had been communicated to this place, relief measures were in order. Oxygen helmets and other appliances were obtained and State Mine Inspectors organized rescue parties and began the exploration of the lower levels. They began to come upon the miners, killed almost instantly.

The mine was inspected last Friday and pronounced safe. Preliminary investigation today have not divulged the cause of the explosion. Some mining men are inclined to regard it as a physical phenomenon.

### MINIMUM WAGE BILL IS PASSED IN HIGH SPIRITS.

(BY A. P. NIGHT WIRE TO THE TIMES.)

LONDON, March 27.—A fateful day in the history of British trade struggles came to a close today through Parliament by a large majority of the bill establishing a minimum wage in the country's most important industries. The measure, introduced by Mr. Lloyd George, passed in the House of Commons by a vote of 213 to 48 amid a scene of great excitement. The House of Lords reassembled at 3:30 o'clock to receive the bill and on motion of Lord Herschell it passed its first reading.

Premier Asquith, on leaving the House of Commons, was cheered loudly by all the members. After a speech lasting nearly a month, and involving the whole country in distress, the miners thus have secured recognition of the principle which they set out to obtain. But they still are dissatisfied because the bill does not specify the amount of the minimum wage and there is a prospect of an immediate settlement of the strike.

The miners' leaders declare their determination to keep up the strike until they have secured guarantees of a minimum wage scale of five shillings (12.50) for men or until the district boards as provided by the bill arrange acceptable terms.

What will be the next step in the struggle it is impossible to foretell. By Thursday the minimum wage bill will have received the royal assent and become law. In the meantime the miners' federation and Labor party will hold meetings to decide upon their future course.

It is expected that the government intends to constitute a national wage board, with an independent chairman to endeavor to secure the resumption of work on a five and two shillings basis.

Premier Asquith in the debate announced that the government had failed to terminate the coal strike. In addition that the government could not

### PEOPLE FLEE FLOODS.

(Continued from First Page.)

This will be the highest mark it has reached since 1897. Tonight the gauge reading was 49.5, a rise of three-tenths of a foot since morning. The Cotton Belt trains in and out of Cairo were annulled today until the water recedes.

The Mississippi is spreading over the bottom lands between Cairo and Cape Girardeau and many thousands of acres of wheat have been inundated. At McClure, Ill., opposite Cape Girardeau, Pikeville Island is submerged and everything east of the Illinois Central embankment is flooded.

Kickman, Ky., tonight reports it expects its levees to withstand two feet more water.

### WATER STILL RISING AT CINCINNATI FRONT.

(BY A. P. NIGHT WIRE TO THE TIMES.)

CINCINNATI, March 26.—The Ohio River here continued its slow rise today. From 7 o'clock, when the stage was 52.2 feet, the rise was one-twentieth of an inch an hour.

Weather bureau forecasts predicted that the crest would reach Cincinnati tonight or early tomorrow and that it would not exceed fifty-four feet.

At Newport, Ky., directly across from Cincinnati, several blocks are flooded.

So far no large damage has been done, but business men in the bottoms are removing merchandise and household goods.

### STEAMERS ICEBOUND ON LAKE MICHIGAN.

SENATOR WINS  
INITIAL ROUND.Resolution Against Stephen-  
son's Election Killed.Final Struggle on Question  
Will Take Place Today.Upper House Is Closely Di-  
vided on the Subject.

(BY A. P. NIGHT WIRE TO THE TIMES.)  
WASHINGTON, March 26.—Senator  
Stephenson of Wisconsin today  
won the first round of the battle over  
the validity of his seat in the Senate  
when by a vote of twenty-nine to  
twenty-seven a resolution by Senator  
Jones of Washington, declaring the  
Wisconsin Senator illegally elected,  
was rejected.

The final struggle will come tomorrow,  
when the Hayburn resolution, sus-  
taining the validity of the election  
and endorsing the investigating com-  
mittee's majority view, will be voted  
upon.

Stephenson adherents, led by Sen-  
ator Sutherland of Utah, said tonight  
that a majority of four for Stephen-  
son was likely tomorrow. The Stephen-  
son opponents, led by Senator Lea  
of Tennessee, claim that the Stephen-  
son strength tomorrow may be even  
less than today. Many Senators who  
have been absent will be back to-  
morrow.

The final vote may not be reached  
before midnight, or eight Sen-  
ators expect to speak, and besides the  
Hayburn resolution there is also pending  
a resolution by Senator Works of  
California, declaring the Stephen-  
son election illegal, though differing from  
the Jones resolution in form. Each  
of these will necessitate a roll call.

A bare majority is necessary to de-  
clare a Senatorial election invalid.  
Such a resolution would deprive a  
Senator of his seat just as effectively  
as would a resolution endorsing the  
election which requires a two-thirds vote.

Throughout the debate today both  
Senator Stephenson and Senator Lorimer  
were also in the Senate chamber.  
When the vote was taken Mr.  
Stephenson retired to the cloak room  
and immediately returned to watch  
things. Later he said he had no in-  
tention of resigning, as did Senator  
Clark of Montana, some years ago  
when his election was attacked. In  
the Clark case the Election Com-  
mittee had reported adversely. Mr.  
Clark later was appointed to fill his  
vacancy and afterwards elected.

The following was the vote on the  
Jones resolution:  
For Stephenson—Bradley, Brande-  
gee, Briggs, Burnham, Burton, Crane,  
Cullom, Curtis, Gable, Hayburn, Lip-  
pitt, Lodge, Lorimer, McLean, Nixon,  
Starkweather, Root, Seward, Sutherland,  
Warren and Wetmore, Republicans;  
Chilton, Fletcher, Foster, Johnston,  
Newlands, Fourness, Rayner and  
Watson, Democrats.

Against Stephenson—Borah,  
Bourne, Brewster, Brown, Clapp, Crav-  
en, Cummings, Gurnea, Har-  
rington, Johnson, Keim, McPherson,  
Poinsett, Townsend and Warren,  
Republicans; Bryan, Chamberlain,  
Gardner, Gore, Hitchcock, Johnson,  
Kerr, Lea, McPherson, McPherson,  
Reed, Simmons, Smith of Georgia and  
Smith of South Carolina, Democrats.

Mr. Root and Mr. Borah of Idaho  
were the only speakers in opposition to  
Mr. Root contended that no evidence had  
been adduced to show that members  
of the Wisconsin Legislature had been  
corrupted to vote for Senator Stephen-  
son.

Senator Root also contended that  
to prove a corrupt influence had been  
exercised it was necessary to show that  
corruption had extended to the 3000 voters who con-  
stituted Senator Stephenson's plu-  
rality.

With Senator Lorimer resting his  
arm on his desk, Mr. Root explained  
to the Senate that the cases of Stephen-  
son and Lorimer were different and  
that he had opposed the retention of  
Mr. Lorimer in the Senate because of  
alleged corruption among members  
of the Illinois Legislature.

Senator Works' resolution de-  
clared that the acts of Stephenson in  
furnishing so large a sum as \$107,  
193 in his Senatorial campaign were  
"in itself an act of corruption com-  
mitted with the purpose and intent  
of securing his election."

Members Have Tilt.  
House Committee Hearing of Ever-  
glades Land Case Enlivened by  
Number of Lively Exchanges.

(BY A. P. NIGHT WIRE TO THE TIMES.)  
WASHINGTON, March 26.—The  
Florida Everglades hearing by the  
House Committee on Expenditures in  
the Agricultural Department was  
marked today by several lively inci-  
dents.

Rehearings of attorneys and fre-  
quent tilts between them and mem-  
bers of the committee occupied much  
of the time and a promised session  
was avoided when Solicitor McCabe of  
the Agricultural Department assured  
Chairman Mott that he had no desire to  
impugn the motives of the committee.

The Department of Agriculture, it  
was testified today, is at a loss to  
know how Thomas Will, who was in-  
terested in the exploitation of Ever-  
glades lands in Florida, obtained a  
proof of the first report on the drain-  
age of the wet lands of Florida which  
Secretary Wilson did not approve and  
which was suppressed. Joseph M. Ar-  
nold, editor of the department, so tes-  
tified. He said never before within  
his knowledge had the government  
officials been so misled to preserve the  
integrity of a report. He said all pub-  
lications were treated as confidential  
and he had no idea how the proof fell  
into the hands of Will.

This proof was given to Senator  
Fletcher by Will and later appeared  
in a Senate document.

Mr. Arnold said he had made no  
effort to find out how Mr. Will ob-  
tained the proof from the govern-  
ment printing office.

FIGHTING HAND-TO-HAND.  
Reports From Melilla Place Span-  
ish Killed at Thirty and Wounded  
Eighty-Nine.

(BY A. P. NIGHT WIRE TO THE TIMES.)  
GIBRALTAR, March 26.—[Exclu-  
sive Dispatch.] Late news from  
Melilla shows that the battle there  
March 23 was severe, both Moors and  
Spaniards suffering terribly. In some  
instances the fighting was hand-to-  
hand and knives were used freely.  
The rifle brigades and especially the  
Chilena rifles, lately stationed at  
Algeciras, suffered the most. The  
Moors followed the divisions right  
into the camps when night came on.

Official reports show that the Span-  
ish loss was one colonel and twenty-  
nine soldiers killed, and one colonel  
and six officers and eighty-two men  
were wounded. The Moors, however, the  
loss was one colonel and twenty-  
nine soldiers killed, and one colonel  
and six officers and eighty-two men  
were wounded.

DENIES GUILT  
ON SCAFFOLD.Murderer of Four Is Hanged  
at Missouri Jail.Bloodhounds Followed Trail  
to Accused Man's Door.Farmer, Wife and Two Chil-  
dren the Victims.

(BY A. P. NIGHT WIRE TO THE TIMES.)  
MARYVILLE (Mo.) March 26.—  
Ray Rasco, murderer of the Hubbell  
family of four persons, hanged in the  
yard of the County Jail here this  
morning.

Rasco protested his innocence on the  
scaffold and recited the Twenty-third  
Psalm.

The crime for which Rasco was  
hanged was the murder of Mr. and  
Mrs. Oda Hubbell and their two small  
children at their home near Guilford,  
Mo., on the night of November 26,  
1910, and the firing of the house to  
cover the murders. Bloodhounds, tak-  
ing the scent at the scene of the crime,  
followed a trail to Rasco's room in  
his father's home and halted, baying,  
at a closet in which was found a  
blood-stained pair of shoes.

Rasco was apportioned North Joseph  
to prevent a lynching. The print of  
an oddly-shaped shoe heel found near  
the Hubbell home was seen to corre-  
spond with the heel of a pair of  
shoes belonging to Rasco.

The motive assigned by the State  
was Rasco's desire to recover money  
won from him by Hubbell in poker  
game. He was convicted on circum-  
stantial evidence, alone.

The Supreme Court upheld the con-  
viction, which he said was the prin-  
cipal point at issue.

Rasco, when 13 years old, was con-  
victed of killing a woman and served  
ten years. He confessed. Later he  
stole a horse and served two years.

FAMILY SEES TRAGEDY.  
PLUMBER GASHES HIS THROAT.  
(BY A. P. NIGHT WIRE TO THE TIMES.)  
OAKLAND (Cal.) March 26.—  
Craved by persistent attacks of mel-  
ancholia, Frank J. Phillips, a plum-  
ber, last night suddenly arose from the  
table at which he was sitting with his  
wife and four children in his home,  
No. 384 Forty-seventh street, and  
drawing a heavy razor from his breast  
pocket, slit his throat with it, and  
with the blade. The razor dropped  
from his hands as he inflicted the  
ghastly wound and he fell forward,  
with his hands outstretched upon the  
table.

He died this morning.

SUSPENSION DISCUSSED.  
Former Treasurer of Lewis Com-  
pany Told of Hard-Stealing En-  
terprise Had Financially.

(BY A. P. NIGHT WIRE TO THE TIMES.)  
ST. LOUIS, March 26.—Francis V.  
Lutman, former treasurer of the Lewis  
Publishing Company, was taken  
again on the witness stand today in  
the trial of E. G. Lewis, president of  
the company, on a charge of fraudu-  
lent use of the mails.

Lutman testified that he and Lewis  
discussed suspending the company's  
business shortly before an advertise-  
ment entitled "The solution," offering  
a reward of \$100,000 for the capture  
of the company's president, was printed  
in the Woman's National Daily.

His testimony was falling due and there  
was no money to pay. Lutman said,  
"Then the business scheme was de-  
vised and advertised, and \$125,000 in  
cash and checks were sent to bring  
the total up to \$1,250,000 soon came in."

He said that \$100,000 worth of sec-  
urities paid out, and the balance was  
in place with the People's Sav-  
ings and Trust Company, but was  
removed and exchanged for unsecured  
notes and Lewis's suggestion. The cash,  
he said, was used for running ex-  
penses and to meet obligations.

Saying he wished to know that E. G.  
Lewis retained complete control of the  
stock in his various enterprises while  
at the same time advertising that he  
was putting the stock of the company  
for sale, he said that he was not  
purchaser of Builders' Fund debentures,  
under a trust agreement between  
Lewis and the People's Savings  
and Trust Company, dated May 15, 1910.

The trust company, it was set forth,  
gave Lewis the right to vote his stock  
or to represent it in any other way.  
Each and all shares of stock were  
reserved specifically to Lewis, the  
trust company merely acting as regis-  
trar. The trust company waived any  
right to administer the stock and  
Lewis was left free to appoint another  
agent in place of the trust company  
whenever he saw fit.

ACCUSED OF MANY DEATHS.  
Five Alcohol Which Killed More  
Than Ninety.

(BY A. P. NIGHT WIRE TO THE TIMES.)  
BERLIN, March 26.—The trial be-  
fore today of five men accused of be-  
ing responsible for death by wood  
alcohol poisonings of eighty-nine per-  
sons which occurred last Christmas  
among the inmates of the Municipal  
Night Shelter for the homeless.

The indictment alleged violation of  
the pure food law by the preparation  
and sale of harmful substitutes.  
Technicalities do not permit of more  
serious charges.

The accused persons include a drug-  
gist named Schmach, who prepared  
the deadly spirits; two saloon keep-  
ers, Zastrow and Meyer, and the  
intermediaries and saloon-keepers,  
Redonakis and Dahl, who mixed and  
retailed what was called rum, and  
other cheap popular liquors.

**Two  
Easter Suit  
Specials**

**\$20 and  
\$30**

You will marvel that Tailored Suits of so much character and individuality can be sold at the above prices. Ordinarily they could not. This is a special occasion—the Easter Festival occasion.

**Suits at \$20.00**  
These plain man-tailored Suits would be counted exceptionally good values at \$25.00 and \$27.50.

**Suits at \$30.00**  
These are Suits of Whipcords, Shepherd Checks and Serges, in navy, light grays and tans. Some Norfolk styles, others plain tailored, all are direct copies of the very latest Paris models and should sell for \$35.00 and \$37.50.

Those expecting a Suit for Easter should make their selection before the assortments are broken.

We employ men tailors and men fitters and guarantee all alterations satisfactory.

**Seasonable Union Suits**  
**Fifty Cents and Seventy-Five**

These are popular priced Union Suits we can unhesitatingly recommend. In fact, we've never before seen good underwear priced so moderately. They are new lines.

**UNION SUITS AT 50c.** Cotton Suits of medium weight, knit with high or low neck, long sleeves or sleeveless, long length, with cuff or lace finish. Regular or out sizes, 50c.

**MERODE SUITS 75c.** You know what "Merode" means for! It stands for all that's best in underwear—fit, finish, service and comfort. These Suits are of medium weight for present wear. Low neck and no sleeves, or high neck and long sleeves, knee or ankle lengths, perfect fitting. Regular or out sizes, 75c.

—Main Floor—

**Splendid 9x12 Rugs \$10.00**

Standard Axminster Rugs that sell ordinarily—always we might say—at \$16.95, will be offered today at the above ridiculously small price.

Mottled styles in Red and Green Combinations, with plain colored borders. Just eleven in the lot. \$10.00.

—Fourth Floor—

**125 Pianos & Players**

Both new and used—will be offered for the next few days, or until entirely "cleaned up," at prices that are

## NICKNAMES SET SUBURB BY EARS.

"Toadstool" and "Half-Dog" Epithets Cause War.

Hyde Park Parents Take Up Children's Cudgel.

Formal Complaint Is Filed With Supt. Keppel.

The time-honored custom of school children to bestow upon one another nicknames more or less apt and complimentary—usually more of the former and less of the latter—has set Hyde Park by the ears. The epithet "toadstool" applied to the pretty little daughter of a mushroom-grower has resulted in formal complaint being filed with County Superintendent of Schools Keppel; that of "half-dog" is scheduled to produce another, and "sauerkraut" has precipitated wordy war.

Peter Arndt, who grows mushrooms on his ranch near Hyde Park, filed his written complaint with the superintendent yesterday. In it he sets out that his children are tormented beyond endurance by impromptu christenings as "toadstools," "mushroom kids," and other epithets. J. S. Zoenen is expected to follow suit because his 13-year-old son is teased to cruel playmates as "half-dog," because he likes to play on his hands and knees. Several of the leading German residents of the pretty little suburb are up in arms because their children were given the undignified sobriquet of "sauerkraut" by some of the youthful Yankees in the school.

The Hyde Park school trustees stated yesterday that no formal complaints have yet been filed with them, but admitted that the parents of several of the boy and girl pupils objected strenuously to the nicknames thrust upon their offspring by their classmates.

CALL IT FRAME-UP.

The trustees say that Arndt made his complaint to Superintendent Keppel because he is angered at the failure of the board to appoint his father-in-law janitor at the school and "framed up" the nickname issue as an opening wedge to force the trustees to come to terms.

Arndt heatedly denied it yesterday and said that he hesitated a long time before making a complaint, but that the nicknames and alleged insults to his three daughters and son finally drove him to seek redress.

None of the complainants have a word to say against Miss Grace L. Been, principal of the school. She has been principal for seven years and has the confidence and esteem of every Hyde Park parent. She admitted yesterday that there had been feeling between several families on account of the nicknames applied to their children.

"My three girls and little boy were insulted every day at school by their schoolmates," said Arndt, "and I went to Los Angeles today and made a written complaint to Mr. Keppel. My little ones would come home from school crying because of the insults heaped upon them. I raise mushrooms for a living, but that doesn't give anybody the right to call my children by that name. The fact that my father-in-law was not appointed janitor has nothing to do with the case. I am not the only one who is complaining. Mr. Zoenen and Mrs. Erble feel just the way I

(Continued on Ninth Page.)

## WILL GUIDE HIS STEPS.

Student of Sociology to Act as Sponsor for Man who attempted to Pass Worthless Check.

As a result of Judge Willis's earnest talk to the college classes in sociology at the Bethlehem Institute Monday night, William B. Percival, Jr., one of the students, has volunteered to interest himself in the next probation case in Department Eleven of the Superior Court.

He will report this morning and Judge Willis will turn over to him a prisoner, who is charged with forgery. This man is a skilled mechanic, works when he can find occupation, and has a family to provide for. He was arrested for attempting to pass a fictitious check on a merchant for a pair of shoes for his wife. The merchant was suspicious of the check and questioned the purchaser, who admitted it was worthless.

Percival will work in connection with the probation officer, finding the man employment and pointing out that the straight and narrow path is the best to pursue.

## FUNERAL OF SIMON McLEOD.

Funeral services over the remains of the late Simon McLeod were held at 10 o'clock yesterday morning at the chapel of Pierce Brothers, under the auspices of The Elks. The deceased was 56 years of age and died at the Sisters Hospital on Saturday morning. He was a native of Scotland and came to Los Angeles twenty-five years ago and has been engaged in business as a contractor. He was a member of the Masonic order, the Elks, Macabees, Caledonians, and of the Builders' Exchange. He leaves a widow and five children, George, Margaret, William, Raymond and Mrs. Bessie Gildner. Interment will be at Rosedale.

## HORDES ANSWER DESERT'S CALL.

Quarter Billion Dollar Find of Potash Magnet.

Local Expert Says Syndicate Controls It All.

Will Spend Ten Millions to Mine and Market It.

The announcement by the United States Bureau of Soils that a great deposit of potash worth probably \$250,000,000, has been discovered at Searles Lake, in San Bernardino county, is responsible for a rush of prospectors in that direction comparable only to that following a gold strike. Lured by tales of fortunes to be had at the earth's surface for the mere locating, the nomads of the desert and hardly fewer of less experienced wealth-seekers of the city are flocking thither from all points of the compass, many of them tramping foot over many miles of sand and rocks in order to "get in" on the good thing. As a matter of fact, there appears to be nothing for a prospector to get.

W. D. Hamman of No. 1938 Oak street, deputy city auditor, mineralogist and author of works on practical geology, has just completed an exhaustive examination of the find re-

(Continued on Ninth Page.)

## HE TALKS HOUR WHILE BRIDE AND BISHOP WAIT.

**Mrs. Reginald Grant White.**  
Formerly Miss Jean Montgomery Martin, whose wedding programme was decidedly upset by an unexpected business call which kept the bridegroom talking on the long distance phone for forty-five minutes while the bride and Bishop Johnson, not to mention an exclusive wedding party, "waited at the church."

EIGHT dollars and twenty cents worth of conversation over the long-distance wire by the impatient groom, a solid hour's wait by the veiled and blossoming bride, and a surprised bishop of the Episcopal Church and an exclusive wedding party humming "Waiting at the Church" for the edification of the forthcoming Mrs. Reginald Grant White, combined to make the marriage of the young attorney and the beautiful Miss Jean Montgomery Martin something of a novelty in the marital annals of St. Paul's Cathedral, according to accounts of the ceremony which lacked out yesterday after it was finally solemnized.

The wedding of Miss Martin and White was to have occurred at 1 o'clock sharp. Present promptly at that hour was Bishop Johnson, who was to perform the ceremony. Hugh F. Stewart, vice-president of the Farmers' and Merchants' National Bank, who was best man; Miss Edna Hausa, who made a charming maid of honor; Miss Martin herself in full marriage regalia, and a select party of intimate friends of the principals. Everything appeared to be complete and the wedding was about to happen, when some observant person happened to notice that White was not there.

It is out of the question to have a wedding without a bridegroom, and there was nothing to do but to wait. The party accordingly waited, in the belief that White would appear at

any moment. They waited ten minutes. Then they waited ten more. And ten more. White was still absent. The sympathetic party gathered about Miss Martin, who tapped the floor with her satin-slipped foot and said nothing.

"No, I did NOT sing 'Waiting at the Church,'" said she to a condoling reporter yesterday. "But they did," she added mournfully, though a twinkle and a twitch at the corners of her pretty mouth betrayed her saving sense.

In the meantime, White, caught in the middle of his preparations for his own wedding, was cloistered in a long-distance telephone booth, talking 130 words to the minute and his syllables falling over each other in a frantic effort to finish an important business communication and get to his wedding. And the bride waited, too, beguiling the dragging moments with new variations of "Waiting at the Church." When they reached the end of the selection they went back and began over again.

"I couldn't help it," said White yesterday. "It was a matter of the greatest importance which came up unexpectedly and I simply had to attend to it. Anyway, it wasn't an hour—I only talked forty-five minutes."

That is why Miss Jean Montgomery Martin, daughter of Dr. Samuel A. Martin of Minneapolis, Pa., became Mrs. Reginald Grant White at 3 o'clock instead of 1, as she had planned. The couple will reside at the Elvina apartments, where the bride has been visiting Mrs. L. L. Wood for some months past.

Where the Money Went.

## STANDARD GETTING OUT FINANCIAL STATEMENT.

EARL STANDARD, the confessed embezzling confidential bookkeeper who looted the American National Bank of Pomona, weakened yesterday.

His confinement in the County Jail, with the refusal of Assistant United States District Attorney Regan to allow anybody but his close friends to see the young defaulter, coupled with the remorse that he has felt, has done its work, and it was announced yesterday by Willard Andrews, his attorney, that a "detailed statement" is being prepared by Standard and himself showing where every dollar taken from the Pomona bank went, how it was invested, who had the handling of the funds, and a lot of other information that the government has been digging for ever since the arrest.

Yesterday a change was made in counsel to represent Standard in future proceedings before the Federal courts. A contract was signed by Attorney Andrews and H. H. Smith of Pomona, father-in-law of Standard, whereby Andrews is to exclusively represent Standard in all further hearings. The name of Harley Standard, a brother of the embezzler, appears as a witness to the contract.

It is believed that for some time Standard has not been following the advice of the attorney retained at the time of his arrest, and that the confession of a prisoner was not according to his ideas. It seems that some persons thought it best for Standard to make a fight to obtain his freedom, but in his opinion Standard was crazy—not insane, but not normal—at all times.

The employment of another attorney has been made, it is understood, in furtherance of the programme to tell everything and plead for the mercy of the courts. To the end that a strong impression may be made, the "detailed statement" referred to by Attorney Andrews will be prepared and submitted to the government.

There is wide speculation as to the

## THIS IS "TIMES DAY" AT THE LAND SHOW.

TODAY is "Times Day" at the Land Show Beautiful. Admission may be secured for 25 cents, one-half rate, by clipping the coupon printed below and presenting the coupon when purchasing admission tickets.

Land Show admission tickets for tonight may be purchased for 25 cents and this Times coupon at both the main and branch offices of The Times, Nos. 531-533 South Spring street and No. 118 South Broadway, respectively, or at the Land Show ticket office, Fiesta Park. The Land Show, which is the greatest exposition of its kind ever held, positively will close Thursday evening.

An especially attractive programme has been arranged for "Times Day." At night Creator and his great band will render a superb programme, including his own "Leader March," the "Poet and Peasant" overture, the famous Suite I from "Peer Gynt," the Grand Selection from "Carmen" and several solos. The grand chorus of 300 voices under Thomas Taylor Drill will sing the "Hallelujah Chorus," "Carmena," "Loch Lomond" and "The Lost Chord." Special lectures, illustrated by colored stereopticon views and motion pictures, will be delivered in the Southern Pacific lecture hall.

## Cut This Coupon Out! GOOD FOR 25 CENTS

In Purchase of Admission Ticket to

**THE LAND SHOW AT FIESTA PARK**  
Beautiful of America Pico St. and Grand Ave.

This coupon will be accepted as worth 25 cents in purchase of admission ticket for the Land Show good this evening, which is "The Times Day." Evening tickets with this coupon are 25 cents each. Evening tickets without coupon are 50 cents. Daytime admission, 25 cents to all without coupon. Tickets on sale at The Times main office, Nos. 531-533 South Spring street; The Times branch office, No. 118 South Broadway, or at Land Show office, Fiesta Park.

**FACTS, FEATURES AND FANCIES FOR WOMEN AND MEN**

**OLIVE GRAY**

**DAILY BEAUTY HINT: A GUARANTEED DANDRUFF CURE!**

It is what it is. And if you could hear, as I heard, the inventor's explanation of dandruff and the reasons why it is so seldom cured by the lotions which temporarily relieve, you would believe as I believe, that the professor has really found a specific, as a result of his long years of research.

It is supposed by many people that the cost of a long haul is greatly below that of the short haul. He said that this is correct, up to 400 or 500 miles, but that beyond such distances the expense increases rapidly and the cost per mile continues the same. A. G. Morrison, traffic manager of the California Fruit Growers' Exchange, was on hand to take the stand, but when Mr. Peabody was excused it was decided that it would be best to leave all that was to be said to the argument before the Commerce Court. Judge Mack will leave at once for Washington.

**In Neck of Time.**

**LONG EXPECTED PAPERS ARRIVE.**

EXTRADITION AFFIDAVITS FOR ALLEGED BANK THIEF.

Documents purporting to identify Dean with New Westminster robbery Get Here Barely in Time to Prevent Suspect from Being Released for Lack of Evidence.

Voluminous and important affidavits bearing on the extradition proceedings to be heard Friday before United States Commissioner Van Dyke for Charles Dean, alleged to be one of the robbers concerned in the looting of the Bank of Montreal at New Westminster, B. C., were received here from Canada yesterday. In the opinion of H. A. Massey, the attorney retained by C. White Morrison, English vice-consul, who has the prosecution in charge, they will be sufficient to hold Dean for extradition. But for the arrival of these documents the case against Dean would have been dropped.

It is known to the Pinkerton agency that five men were engaged in the robbery by which the bank lost \$271,000 on the night of September 15, 1911. One of these men is supposed to be Dean, second John McNamara, now under arrest in New York; a third John Addison, who has so far eluded the authorities, and two more whose names are not known. The affidavits that came to the attorneys yesterday include those of persons in New Westminster who talked with Dean a few nights after the robbery, at the Colonial Hotel, when the latter, it is alleged, referred to the bank as being "an easy proposition" to rob, as it was only watched by an aged Chinese janitor. Another affidavit is to the effect that Dean was seen with the man with the automobile, who is supposed to have made a hurried trip out of New Westminster after the robbery. The machine broke down on the road and statements are included from persons who stopped to assist the men in the repair of the machine. It is alleged that one of the men in the automobile was Dean, who is charged with having attempted to draw a gun, not knowing the object of the proffered assistance.

Photographs of McNamara and Dean accompany the affidavits. That of Dean represents him as being a much better looking man than now. Other affidavits indicate that Dean was in New Westminster about the time of the robbery; that he roomed in the town for some time and was accompanied by a woman. His movements are traced day by day and it is claimed that an almost certain case of identity is made out against him. In extradition hearings it is only necessary to show a probability of the guilt of the accused. Unlike a preliminary hearing, affidavits need not be introduced by either side.

The New Westminster Bank has been very active in pushing the prosecution of Dean and others concerned, in spite of the fact that about \$30,000 of the original steal has been returned. This money, in the shape of currency, gold and silver, was found scattered along the road after the quintette of robbers made their getaway.

**MOTHER WINS OVER DAUGHTER.**

Latier Seeks Share in Family Estate but Superior and Appellate Courts Bar Her Claim.

The District Court of Appeal has affirmed the doctrine that, in cases where a husband dies intestate and the property in their joint ownership is in the name of the wife, it goes to the wife as her separate estate. The decision is given in the action brought by Mary Louise Carle against her mother, Louise Heller, and her brothers, Louis C. and Charles C. Heller, affirming the opinion of Judge James, then sitting on the Superior bench of Los Angeles county.

The widow was appointed administratrix of the estate of her husband, Charles Heller, who died intestate. The distribution was made according to law. The daughter, Mrs. Carle, filed a complaint alleging that her mother had failed to account for all of the property. This property, bill of which the widow claimed as her separate estate, consisted of \$12,000 cash, personal belongings valued at \$1000, and a one-half interest in real estate on Sixth street, in all of which the plaintiff claimed an interest.

It appears that the Hellers came here from Ohio some years ago, and invested their money, jointly earned by the couple, in real estate, and the deed for the property was in the name of the wife. Later this was sold and the new purchases of real estate were also placed in the name of the wife.

Under the law it was the privilege of the daughter to show by a preponderance of evidence that in the absence of any disposition of the holdings by will by the father, he deemed it community property. This was not done and the Court of Appeal gives it all to the widow.

**PUNISHMENT SUFFICIENT.**

Patrolman H. W. Myers, who was suspended Monday by Capt. Murray of the Central Police Station because he thought Myers used too much violence in arresting Mr. Blen Jolie, Page, No. 233 Mountain View avenue, was reinstated yesterday afternoon by the Chief. The latter thought two days' suspension was sufficient punishment. Myers arrested Mrs. Page for disturbing the peace, and while he held the woman his wife handcuffed her.

**WHEN JAIL'S NOT JAIL.**

On the request of the attorney for Wong Chung, sentenced to a year and a day in the penitentiary for conspiracy in the Woo Wal smuggling case, the Chinese will spend the time in the close confinement of the County Jail instead of in the relatively comfortable and desirable quarters of the Federal Penitentiary of McNeil's Island. Attorney Denis yesterday appeared before Judge Van Fleet and set forth that, in the mind of his client, he would be eternally disgraced by going to the penitentiary; the same sentence in the County Jail being regarded as no special stigma. The court granted the request.

**THE TAKING OF EVIDENCE IN THE LEMON CASE.**

The taking of evidence in the lemon case, before Judge J. W. Mack of the United States Commerce Court, came to an abrupt conclusion before noon yesterday in the Federal building.

The lemon growers, through the Citrus Protective League, and the government, as represented through the Interstate Commerce Commission, had expected to offer evidence in refutation of that presented by the railroads, but at the conclusion of the testimony offered by the latter, it was determined to leave everything to the arguments before the Commerce Court in Washington on April 9.

**YOU NEED TO KNOW YOUR WEAK POINTS**

As well as your strongest. If you wake feeling tired. If you have little or variable appetite. If you have dull or sharp headaches. ### on Early Adjustment.

# Cities and Towns of Los Angeles County.

NEWS REPORTS FROM CORRESPONDENTS OF THE TIMES.

## ELECTION WILL BE POSTPONED.

Chosen City Factions Are Divided on Matter.

New Liberal League Favors an Immediate Ballot.

Want Owens River Water at Reasonable Rates.

(From the Times, U. N. Fair Oaks edition.)

PARADISE, March 27.—After listening to the different petitions and demands made by the various factions in the liquor controversy, the City Council yesterday adopted resolutions, which, in substance, amount to this promise:

A request will be made that all interested organizations agree to wait until next fall for an election. If general consent to this proposition cannot be obtained, a special election will be called within sixty days. It is a committee composed of Councilmen Root, Rhodes and Shutt was appointed to confer with officers of the organizations that are lined up on the issue. No conference has yet taken place.

The wish of the Councilmen to defer the election until fall is occasioned by their desire that the question be decided along with other proposed charter amendments. According to City Attorney Carr, if an election is held in the immediate future on one or more charter amendments no other proposed charter amendments may be voted on until two years shall have elapsed. Consequently, if the special election is to be called forthwith and the other contemplated amendments voted on also the necessary legal work involved will have to be done with great haste. There is declared to be sufficient time to get some of the questions ready, especially that relating to the commission form of government, which has been submitted to the voters.

The new Citizens' Association, whose desire it is to have a liberal liquor ordinance, is holding out for an immediate special election; while the prohibitionists, who last fall circulated a petition for a special election, but later abandoned the fight, thus gained, contend for the delay.

Liquor was the principal subject of discussion before the Council yesterday.

William F. Knight, president of the Citizens' Association, asked the Council to set May 21 as the date for a special election. He declared that it would be a simple matter to procure a petition on short notice, if necessary, but maintained that it would be better not to do so.

He said that the present season has been a poor one with the hotels because of the liquor ordinance that has been obtained, and that merchants have suffered proportionately.

C. R. Burger, who appeared in behalf of the prohibitionists, wished to know whether Knight spoke for the hotelmen. The latter replied that he spoke only for the organization of which he is president, and that hotel men are among the members enrolled.

Burger called attention to the petition for a special election that was circulated last fall, and accused the Councilmen of breaking faith with this document.

Councilman Chaffee objected to this statement.

The closing clause of the Council Resolution reads as follows:

"Be it resolved further, that if such organizations, or any of them, are unwilling to accede to such plan, it is the sense of the Council, that alternative propositions covering the regulation of the liquor traffic will be submitted to the Council, without the necessity for circulating petitions, at an election held between May 30 and June 1, it being understood that not more than two such proposed amendments will be submitted, and that the proposed amendments shall not exceed in length 100 words each, and must be presented to the Council on, or before April 10."

TO MAKE INQUIRIES.

The Committee on Water of the Pasadena Board of Trade yesterday recommended to the Council that application be made for \$10 and 1500 inches of water from Los Angeles, and San terms upon which this amount of Owens River water may be obtained. Such action, it urged, should be taken to ascertain the status that such a proposition would have.

The communication was referred to the Council Fire and Water Committee, which is composed of Councilmen Root, Korstian and Rhodes. Among petitions filed with the Council yesterday was one signed by Adolphus Busch and sixty property-owners on South Orange Grove avenue, declaring that the improvement of that boulevard, in which much money was put, was never done in accordance with the specifications. They ask that the assessment warrant issued for the work be vacated, and that the Barber Asphalt Paving Company be compelled to do the work over.

The Council will listen to evidence from both sides April 10, at 9 o'clock.

NEAR COMPLETION.

Only a little work remains to be done on the new Elks home, on West Colorado street, near South Orange Grove avenue, and the organization will move into the building early next month. The announcement was officially made yesterday.

The new clubhouse has been erected at a cost of approximately \$50,000. It commands a magnificent view of the mountains and is one of the handsomest buildings in the city. It is two stories in height, with an entrance in height of 20 feet. The building will be a floral basket of money.

CITY BRIEFS.

Fifty-two society women of Pasadena yesterday were named as patronesses of the spring flower show, which is to be given under the auspices of the Pasadena Horticultural Society at Central Park, April 11, 12 and 13. One of the features of the show will be a floral basket competition.

Extensive plans are being made by members of the Nazarene Church for

the installation of Dr. E. P. Elyson as president of the Nazarene University, April 4.

Mad. A. J. Toole of No. 2925 Lincoln avenue is convalescent from an illness of several weeks.

Reports submitted to the Board of Education yesterday show that in the last four years the percentage of pupils who fail to make passing grades in their studies has been reduced from 21 per cent to 7 per cent.

Plans are being made by local Democrats for the organization of a Champ Clark club.

Benjamin Pratt of No. 448 Summit avenue was badly cut on the face yesterday afternoon when a bicycle he collided with an automobile driven by Arthur J. Christie. The accident occurred on North Raymond avenue. His injuries are not serious.

An open meeting of John P. Godfrey Post, G.A.R., will be held at the Grand Army Hall tomorrow night. An enjoyable programme has been arranged.

Wadsworth sells paints.

Hotel Vista del Arroyo, Pasadena. Two front rooms and bath. "The Little Inn," 98 S. Euclid ave.

Foot-hill ranches in beautiful La Canada Valley. H. L. Hayman.

ELECTION OFFICERS SELECTED.

South Pasadena Is Ready for the Election to Be Held April 9.—News Briefs.

SOUTH PASADENA, March 26.—The boards of election selected to serve at the municipal election April 9 are composed of the following persons: Precinct 1, Calvin E. Allyn and George W. Higgins, judges; Cora F. Hansen and Mary C. Gardner, inspectors; Seymour E. Blaise and Hugh C. McGillivray, clerks. Precinct 2, A. Hinckley and Frank B. Hall, judges; Nancy M. Young and Freda N. Oates, inspectors; Charles W. Sears and Henry H. Mumford, clerks. Precinct 3, William F. West and William P. Blodgett, judges; Albert C. Stannard and Edward L. Gleason, inspectors; Elizabeth B. Sanford and Mary J. Birch, clerks. Precinct 4, William P. Blodgett and Fred W. Williams, judges; H. Hiesling and Abner A. Haxelt, inspectors; Alice P. Woortendyke and Emma F. Harrison, clerks. Precinct 5, Benjamin S. Coppock and Jasper Bryner, judges; Grace E. Bowen and Hattie P. Hunt, inspectors; Charles E. Jenkins and Thomas J. Freeman, inspectors; Precinct 6, Martin Kohl and Charles E. Carver, judges; Carl V. Cooper and George O. Gibbs, inspectors; and Elizabeth M. Hillman and Alma Grier, clerks.

NEWS BRIEFS.

The precipitation for the present storm in this city is .42 of an inch, making the total amount to date for the season, 12.45.

The adjourned meeting of the Board of Trustees called for last evening to hear the protests on the Huntington Drive paving, was not completed last evening and was adjourned until tonight. About fifty people were present, composed of those against the paving, and those that were in favor of the improvement.

The city has decided to install four-inch water mains and fire plugs the entire length of Fair Oaks avenue to provide needed protection in that district. The Marengo Water Company has its pipes throughout this section of the city, carrying a pressure of sixty pounds. There are a number of high pressure hydrants along the street and the big hose, Fire Marshal Ledgerwood stated they would be in a good position to handle any fire that might start in this portion of the city.

## COMPLETELY EXONERATED.

Youth Held at Long Beach Ordered Released.

Police Chief Asks for Suspension of Rules.

Indian Woman Gives Evidence of Racial Sticism.

(From the Times, U. N. Fair Oaks edition.)

LONG BEACH, March 26.—William Davies, the 19-year-old boy who has been detained at the City Jail since last Monday, on suspicion that he was implicated in the burglary, which led to the murder of patrolman Thomas Borden, was released this morning and no further effort will be made to connect him with the case.

Davies was released on instructions from Dist. Atty. Fredericks following an exhaustive review of the case by Deputy District Attorney Veltch, who found that the alibi established by the accused had more than outweighed the assertion of Mrs. Borden, widow of the murdered man, that on the night of the crime she caught a glimpse through the glass door, she recognized young Davies. Boy companions of young Davies backed him up in his statement as to his whereabouts previous to and following the crime and these statements were strengthened by other proof. The boy has all along insisted that he be detained until his innocence was fully established.

INADQUATE FORCE.

Chief Meyer and Police Commissioner Grube appeared before Council last night and stated that the recent wave of crime in the city was due to the inadequacy of the police department caused by the existence of civil service rules. Men experienced in criminal work would not be hired under civil service rules or at the salaries paid the officers. Applicants who would be desirable refused to take examinations and in the few months of the police department appointed but one had ever had any police experience.

They asked that Council suspend the rules and give the Chief and Commissioner power to select good officers. The Council favored the idea of giving the Police Commission more latitude than heretofore, but feared that if civil service rules were abolished, a machine might be built up in the department which would prove troublesome. It was finally decided that the commissioner should prepare a detailed statement of the needs to better the department and present it to the Council for approval.

The sticism of the Indian was shown here yesterday, when a squaw with the 101 ranch show threw down a load of boards she was carrying and ambled over to a horse tent. Show managers going into the tent half an hour later found the squaw on her hands and knees, with a tiny babe in her arms. Shocked, the showman scolded her for remaining silent and had her taken to a local hospital, despite her protests that she was all right and intended to stay with the show. Late last night while the show was loading up, the Indian woman appeared on the grounds with her babe and was taken to her sleeping bunk on the cars and cared for by women of the company.

ASK AID OF ELECTRIC ROAD.

Santa Monica Business Men Want Switches and Track Equipment to Take Care of Increased Traffic.

SANTA MONICA, March 26.—When the City Council met last night there were in attendance a number of business men, shippers and builders from the southern part of the city, who begged the municipal managers to make an appeal to the managers of the Pacific Electric railway line to place switches and track equipment as will permit the shippers of the beach to be able to patronize the only line of service along the shore of this bay for years and years, has disappeared. Crushed rock has taken its place. The reason for this is that there is no more gravel in the beach district. The City Attorney was authorized to appear before the officers of the company in the interest of the people.

"Canyon gravel" which has been a feature of street improvement work and concrete building specifications along the shore of this bay for years and years, has disappeared. Crushed rock has taken its place. The reason for this is that there is no more gravel in the beach district. The City Attorney was authorized to appear before the officers of the company in the interest of the people.

# -get your share of the last high ground on West Adams Hill

The "last high ground on West Adams Hill" is going fast—\$40,550 worth of lots in West View Heights were sold last week. At the present rate, West View Heights will be closed out within the next few weeks. Get YOUR share of the most desirable residence property, for the money, offered in or near Los Angeles.

Every owner and agent connected with West View Heights has decided to build and live there. Could greater faith in a proposition be evidenced than this? The building of several handsome homes will be commenced immediately. As a select subject for investment, the booming Southwest section of Los Angeles offers nothing quite so good as West View Heights. All public conveniences are here—gas, water, electricity, telephones, 5-cent car fare. No transferring to reach all parts of the city. Only 22 minutes from business district. In addition to the commanding location of West View Heights, a worthy feature is the system of improvements to be established immediately. It includes wide parkings, and the best class of cement walks, curbs and gutters. The entire subdivision will be planted with ornamental trees—they will be furnished free and cared for one year. Protective building restrictions will prevent undesirable intrusions at West View Heights.

Bear in mind that Washington Boulevard, one of the thoroughfares of West View Heights, is the coming highway of the city. It is already paved from Los Angeles to Venice. A magnificent scheme of electric illumination is being considered for the entire length of this grand boulevard. Go out today and see why lots are selling so rapidly at West View Heights. To see is to buy. Take Washington street car marked "Rimpau" and get off at the end of the line. Our agent is on the tract daily, 8:30 to 5:30, including Sunday. The following reservations have been made to date at West View Heights: Miss J. E. Hatch, Santa Monica, \$1350; Miss L. M. Roush, Santa Monica, \$1350; Albert E. Mills, City, \$1500; G. H. Blaylock, City, \$1850; Wm. C. Morris, City (two lots), \$2700; J. D. Fellows, Santa Monica, \$1400; H. T. Sneath, City, \$1550; Mrs. Lillian J. Noland, City, \$1350; E. J. Lawton, Bakersfield (two lots), \$2700; Frank G. Carlisle, City, \$1350; Lura M. Davison, City, \$1500; J. E. Adams, City (two lots), \$5850; Charles O. Middleton, City (two lots), \$4500; Jonathan S. Dodge, Pasadena (two lots), \$3000; James A. Anderson, City, \$1500; J. H. Miller, City (three lots), \$7650; Frank Sloan, City, \$1550; Charles J. Griffin, City, \$1500.

WOMEN WILL BE ACTIVE.

ONWARD IS TO ENGAGE in a Wet or Dry Campaign and the Ladies Are Busy.

ONWARD, March 26.—A hundred women have taken steps toward active campaigning in the approaching wet and dry election, by the organization today of the Women's Civic League. This league has been formed to work for the "dry," and will carry on its campaign with women voters.

HONOR TO DEAD.

The most largely attended funeral in the history of the valley was that of Constable Warren, Willard, shot down by a fugitive from justice, and held for the Methodist Church of Simi, today. Two miles of vehicles, including carriages and automobiles, carried mourning friends and relatives to the Simi cemetery where lodge brothers had charge of the services.

LEMON TREES.

With the arrival of another carload of lemon trees today, plans were completed for the trying out of a big parcel of land on the Patterson ranch to lemon growing. Some days ago the decision to try out twelve acres to citrus raising was reached, but now it has been decided to plant twenty-five acres and to form the ground work for a big new growing industry in the Oxnard vicinity.

Good times always at Coronado.

PACKING HOUSES ARE BUSY.

Orange Men at Ontario Running Full Blast Getting Navel Oranges Out of the Way.

ONTARIO, March 26.—Packing-houses in the Ontario-Cucamonga district are today running full blast and will continue to do so until well into June in an effort to get the navel oranges out of the way before the Valencia season commences. It is estimated that an average of two to four carloads per week will be shipped during the next few months from the local packing houses.

A little later in starting, the packers are now bending every effort to rush the fruit through in order to obtain the best results for the growers. Some of the growers are inclined to hold back their navel, but the packers are trying to discourage them in this, since when the Valencia season opens early in July the price of navel will fall off materially.

Packing-house managers stated today that the heavy rains is a benefit to the fruit, it also results in softened ground and delays the hauling to the packing-houses.

Charles L. Lawrence, a recent arrival in Ontario from New York City is establishing one of the largest poultry ranches in this part of the State on his newly acquired property at the corner of Campus avenue and Fifth street.

Mr. Lawrence is not himself primarily a poultry man, but has employed Mr. W. B. Shaw, who has exhibited winners at poultry shows all the way from Madison Square Garden to Los Angeles, to look after the details of his business.

Lawrence is going in for ducklings first and will follow shortly with turkeys. He has installed a large incubator and installed and fifteen more are to be added at once, making a total capacity of 10,000 eggs for incubation. There are now about 1000 eggs ripening under the lamp and 1000 turkey eggs will soon respond to the warm glow. The ranch bids fair to become one of the leading duck and turkey sections of the valley.

SOME RAIN.

Rain showers last night and this morning added .19 inches to the season's total, which now stands at 11.59 inches, as against last season's total of 13.16 inches.

Hotel del Coronado, fine service.

FOREIGN CAPITAL INTERESTED.

Proposed Railroad Between Riverside and San Diego Will Be Financed by Europeans.

REDLANDS, March 26.—That the proposed railroad between Riverside and San Diego and Los Angeles by way of Riverside and the interurban line between Riverside and Redlands, is to be backed by foreign capital was made evident by a statement of President A. C. Denman, Jr., of the Board of Trade, and others today. Mr. Denman stated that he had been asked to sign certain affidavits regarding the conditions and resources of this section, which are to be forwarded to Europe.

It is understood the proposed line is to follow the route from San Diego, which is covered by the Purcell franchise, to Riverside and from there to Los Angeles. The proposed interurban line is to run to Redlands and to the Yucaipa Valley.

FOUR HURT IN AUTO WRECK.

Freemans Men Injured When Machine Crashes into Tree—One of Number May Die.

(BY DIRECT WIRE TO THE TIMES.)

COALINGA, March 26.—Exclusive Dispatch.] James M. Robertson, president and superintendent of the Lucile Oil Company, was probably fatally injured and Z. L. Phelps of the Silver Tip Oil Company was badly injured when a personal automobile crashed into a fig tree on Ventura street in Fresno City this afternoon.

Robertson lies at the point of death in the Fresno hospital. Phelps is about to walk about. City Attorney H. S. Richmond of this city and John Cheney of Cheney Brothers were in the back seat of the machine. Richmond's right arm was broken and his head badly cut. Cheney was badly bruised.

## DISAPPEARANCE CAUSES WORRY.

Riverside Officials Seek Tony Farone and Wife.

Council Lets Contract for Marine-street Subway.

Belgian Charged With Murder to Have Hearing.

RIVERSIDE, March 26.—Tony Farone and wife, who have been running the notorious blind pig at Crestmore, where the two Mexicans obtained liquor just before they were shot on Sunday night by the unknown Italian, have left the vicinity and the Sheriff of Riverside and San Bernardino counties are looking for them. Sheriffs Wilson and Ralph are confident that the Farones know more about the shooting Sunday night than they have already told.

Farone has been a constant source of annoyance to the officials of both counties for some time and they are very anxious to get him in custody.

GETS TEN YEARS.

Louis Gorio, leader of the famous gang of Italian bunco men, who stole \$4000 from John Paratro in June, 1911, pleaded guilty before Judge Denmore this morning and was sentenced to ten years imprisonment at hard labor.

Gorio had given Sheriff F. P. Wilson a hard chase all over the Coast, but was finally caught in San Jose on December 12, 1911.

A jury had been summoned expecting to try the case, but Gorio pleaded guilty, much to the surprise of all the county officials.

Sheriff Wilson will leave for San Quentin with his prisoner some time this week.

OBLIGED TO ANSWER.

A new ordinance requiring witnesses to answer questions under oath in matters pertaining to municipal affairs, was passed unanimously by the Riverside City Council.

A penalty of ten days imprisonment, or a fine from \$10 to \$50, or both, goes into effect at once.

CONTRACT IS LET.

Bids for the construction of the Main-street subway, under the Southern Pacific tracks were opened this morning in Mayor Peters' office by the members of the City Council.

The contract was awarded to the City of Riverside, the price being \$5,524.

This important improvement which will do away with a grade crossing at the Southern Pacific tracks, has been considered for nearly four years. The Southern Pacific will start preliminary work at once and, according to contract, work must be completed within ninety days.

COMPANY INCREASES CAPITAL.

Amendment papers, authorizing an increase of \$100,000 in the capital stock of the International Savings and Exchange Bank, were filed this morning with the County Clerk.

The business of the company has

Orange County.

Increased to such an extent that the increase was found to be essential.

WILL PLEAD SOON.

Frank Bauweraerts, charged with the murder of Mrs. Guyot and Miss Francois at Chukawalla mountains last week, will be given a hearing before Judge Denmore on March 28.

Bauweraerts is confined in the County Jail and is allowed to see no one but his attorney.

M. D. C. Putnam, who was the only other person at the scene of the murder is being closely watched, although not under arrest.

Each man charges the other with the crime which was committed at the lonely mining camp early Sunday morning.

Santa Ana.

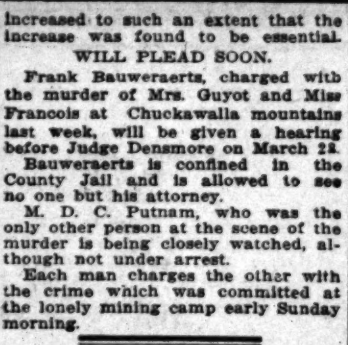

AGED COUPLE KILLED BY CAR.

SANTA ANA PIONEER AND WIFE MEET TRAGIC DEATH.

Automobile Is Wrecked in Crash With Car and Bodies of Aged Pair Are Fearfully Mangled—Had Recently Celebrated Fiftieth Anniversary of Wedding.

(BY DIRECT WIRE TO THE TIMES.)

PRICE: Single Copies, on Streets and Trains, 5 Cents. For Month, 15c. Copy, Delivered, 25c.

XXI<sup>ST</sup> YEAR.

Don't buy a Ford just because of its wonderful speed and racing records. Such tests have their value; they show the car is supreme under exceptional circumstances; but buy a Ford because of what you know it accomplishes in the labor of the day's work—because of its steadfast endurance, its low upkeep, its universal satisfaction. You see them wherever you go and they are going wherever you see them.

## Ford Service for Ford Owners

Ford owners—more than 100,000. Ford dealers—nearly 5000. One dealer to about every 17 owners. That is what Ford Service means. It is an individual service. Close to your elbow when you buy a Ford.

Ford branches and dealers in all cities, towns and villages are at your elbow with Ford Service for Ford Owners.

Have Your Ticket Read "Burlington"

## To the East At Special Rates

When you plan your Eastern tour at the attractive excursion rates to Eastern cities, you will probably desire to visit a number of them in one direction or the other; if you will see that your ticket reads "Burlington" you will have such a choice of Burlington through routes to the East as to include more of the important cities in the Mississippi Valley than can be reached by any other one railroad.

WHERE BURLINGTON TRAINS RUN:

Denver-Omaha-Chicago	Omaha-Peoria-Chicago
Denver-St. Joseph-St. Louis	Omaha-St. Louis
Denver-Kansas City-St. Louis	Minneapolis-St. Paul-Chicago
Kansas City-St. Louis	Minneapolis-St. Paul-St. Louis
Kansas City-Chicago	Billings-Denver-Omaha
Kansas City-Omaha	Billings-Kansas City-St. Louis

It requires an extensive combination of railroads east of the mountains to provide the train service which the Burlington maintains between these cities.

## Wolgast Says Any of These Boys Can Beat Joe Rivers

**Tommy Confront.**  
**RYAN THINKS MORROW IS IT.**  
*Says He Has the Earmarks of a Real Champion.*  
**McCarey May Match Conley and Jack White.**

**Prelim Is Arranged for Louie Rees and Temple.**

With the arrival in town of Tommy Ryan, former middleweight champion of the world, accompanied by Howard Morrow, a challenger for the same honors, the present middleweight elimination tournament was given a decided boost.

Ryan says that Morrow is one of the most likely lads he has ever come across, and Ryan is noted as a good judge of boxers. Morrow himself meets all requirements in appearance. He is a tall, lean, youthful-looking fellow with dark, auburn hair and alert brown eyes. He is wide of shoulder and long of limb and possesses a reach that is marvelous.

Ryan says that he is an excellent boxer and that he has engaged in forty fights without losing one. Morrow is to meet Bert Fagan April 13 in the second round of the middleweight elimination tourney. Morrow weighed 161 pounds yesterday morning and is in excellent condition. With a week or ten days' training he can make 155 very easily.

Morrow will remain in Los Angeles indefinitely and is full of optimism that he will be the winner of the tournament and that he will be the man to meet the pick of Jimmy Corfio's tournament in San Francisco.

Joe Tom yesterday took up the matter of finding an opponent for Jack White. He thinks that Frankie Conley would make a good man for White, or perhaps Abe Attell. The latter just escaped a match with White in New Orleans on New Year's Day and a contest now would be an excellent drawing card.

Arrangements are being completed to have Ray Temple and Louis Rees meet as one of the preliminaries to the Morrow-Fagan contest on April 13. Temple is willing to meet Rees and yesterday "Pop" Rees stated that his boy would take on Temple at the April 13 date, but that he would not again permit Rees to indulge in a preliminary contest unless he lost to a good man. Hobo Dougherty, who has broken with Ad Wolgast, is also on the trail of Rees, and yesterday was

importuning Uncle Tom McCarey to give him a match with the local boy. Herrick and Mantell, who are to meet Saturday of this week in the first of the middleweight elimination contests, boxed seven rounds yesterday at their respective training camps. Both of these young fellows are down to weight and claim to be in the best condition.

Henry Carrese will replace Joe Hanson in the semi-wind-up to the Herrick-Mantell contest on Saturday. Hanson has been called away by the illness of his mother in Yuma. Carrese will start training today at Harry Burras's Naud Junction camp.

The Kilbane-Attell fight picture will be shown for the first time Saturday and Sunday of this week in the Auditorium at Venice. Those who have seen the private runs of the films pronounce them to be wonderfully clear and perfect.

**LONG WILL RETAIN CHICK IN OUTFIELD.**

STANFORD UNIVERSITY, March 26.—[Exclusive Dispatch.] It was not beyond the shadow of a doubt today that Chick Hartley would be retained by the San Francisco club this season. Manager Long passed out the news today. Chick has proved one of the heaviest hitters seen on the coast in years and it is not surprising that Long has picked him. With Long's intention that Melver and Raftery will be kept along with Jackson, it is beginning to look as if Mundorf or Powell will be the outfielder who will walk the plank. The six outfielders were put through a hard test this morning with Manager Long as overseer. Watt Powell and Chick Hartley competed in left field, Johnson and Mundorf in center field and Melver and Raftery in right field.

Three batters sent fly balls and grounders to the outfield and for fifteen minutes the players were tried out. General fielding and passing stunts were practiced, and it was a hard matter to pick out any one of the six who showed to advantage over his rivals.

The pitchers were also put through some sharp fielding practice, along with First Baseman Jackson. Butts were laid down and the entire squad of slabsters practiced throwing to first and covering the bag. The regulars and Yannisians lined up in a practice game in the afternoon, but after four innings had been played a drizzling rain started in and hostilities were suspended.

Pomona was able to do little with the Cardinal athletes, who after a two weeks' lay-off, were full of "pep." The slugbatters were shut out of all the first places in the regular events, although they won the relay and tied for first in the half-mile run and pole vault.

**KILBANE IS WILLING TO FIGHT AD WOLGAST.**

THE following self-explanatory telegrams went sizzling back and forth across the country yesterday:

FROM THE TIMES TO KILBANE.  
"To Johnny Kilbane, feather-weight champion of the world, Cleveland: 'McCarey wishes us to ask if you will fight Ad Wolgast on Labor Day, championship not being involved.'

"SPORTING EDITOR, LOS ANGELES TIMES."  
FROM KILBANE TO THE TIMES.  
"Sporting Editor, The Times, Los Angeles: 'Would consider a match with Wolgast for the light-weight championship of the world, not before Labor Day, if Ad did not want all of the money.'

"JIMMIE DUNN, (Manager Johnny Kilbane).  
THE TIMES TO AD WOLGAST.  
"To Ad Wolgast, Portland Or.: 'Kilbane says he is willing to fight you Labor Day if you don't want too big a share of the money. Please reply.'

"SPORTING EDITOR, THE TIMES."  
AD WOLGAST TO THE TIMES.  
"Sporting Editor, The Times, Los Angeles: 'They are not kidding anyone by such a nonsensical proposition. I don't think the public wants to see us in the ring together. The whole affair seems to be another effort to belittle me. I will be ready to fight July 4, and Labor Day, any one in the world, at the light-weight limit. If McCarey wants me to meet Kilbane, he has only to fix suitable financial conditions and the match is on. But we are not going to give up any part of the purse for the sake of getting an opponent. I cannot believe that Kilbane is serious.'

"AD WOLGAST AND TOM JONES."

**Too Bad.**  
**TRAVELERS IN HARD LUCK.**  
*Trojans Lose Ball Game by Ragged Playing.*  
**California Team Wins Unearned Victory.**

**Haskell Superb on the Mound Throughout.**

BY OWEN R. BIRD.  
ST. BERTHOLD, March 26.—[Exclusive Dispatch.] The varsity baseball team of the University of California handed the U.S.C. team a 3-2 beating this afternoon in one of the hardest-fought games seen on California Field this season.

It was a pretty ball game from start to finish, and kept the fans on the tenter hooks for the full nine innings, as after obtaining a one-run lead, the Berkeley nine was in danger during the remainder of the game.

Don Haskell was on the mound for the southerners and pitched winning ball. The defeat in no way should be credited to him. He fanned seven of Schaeffer's bats, and did not issue a single base on balls. Conklin did peak out for the Blue and Gold and got by nicely, although he was accorded better support than Haskell.

**LUCKY RUN.**  
California secured its first two aces

(Continued on Second Page.)

**Good Picks.**  
**ANGEL INFELD IS SELECTED**  
*Dillon, Howard, Metzger and Page Are to Play.*  
**No More Men to Be Released for Several Weeks.**

**Mike Gibbons IS TOO CLASSY.**

WINS VERY EASY CONTEST FROM JACK DENNING.

Trounced His Opponent in Decisive Manner and Scored Two Knockdowns—Beaten Man Managed to Last the Bout Out by Freeding Into Every Clinch.

NEW YORK, March 26.—[Exclusive Dispatch.] Mike Gibbons of St. Paul gave Jack Denning of New York a decisive wallop at the Fairmont Athletic Club tonight. Gibbons scored two knockdowns.

Jack, though weak and badly cut in the face and sore in the body, managed by rushes into clinches and holding on in the last three rounds, to last the bout out. His lips were cut, his left eye puffed up and his body covered with welts and bruises.

Pomona Loses.

## HORINE BREAKS RECORD IN BIG STANFORD MEET.

STANFORD UNIVERSITY, March 26.—[Exclusive Dispatch.] Stanford, 38; Pomona College, 34.

George Horine, the Cardinal high jumper, broke the national intercollegiate record this afternoon in the Stanford-Pomona meet, clearing 5ft. 4 1/4 in. Horine was a co-holder of the previous record of 5ft. 4 in. with Page of Pennsylvania. He is the second Stanford athlete to win national renown during recent years.

Horine was in fine fettle. He tied his record of 5ft. 4 in. on a preliminary jump and then the bar was raised five-eighths of an inch. He went over in his attempt.

Pomona was able to do little with the Cardinal athletes, who after a two weeks' lay-off, were full of "pep." The slugbatters were shut out of all the first places in the regular events, although they won the relay and tied for first in the half-mile run and pole vault.

**LOCAL STARS FALL.**  
Gillette and Sturgis, Pomona's stars, were beaten in their pet events. Campbell beat Gillette in the 100-yard dash in 15 1/2 seconds. Coleman and McKee did not compete for Stanford. Campbell also defeated Gillette in the quarter-mile dash in 51 1/2 seconds, the Pomona man getting a bad start. Gillette made a great fight after he got straightened out, but could not pass Campbell.

Sturgis was beaten by Fletcher of Stanford in the mile, and both Dodge and Price outran him in the two-mile grind. Both these events were great runs. Sturgis made his best showing in the shorter run, but Fletcher, after Sturgis had passed him on the back stretch on the last lap, let out an extra kick and beat the Pomona man to the tape.

Billings of Pomona ran a thrilling race in the half-mile. He tied Murray in a hair-raising struggle down the home stretch in 2m. 12 seconds. In the weight events the visitors only got third places, but they showed up strong in the vault. Barnes and Edward using Miller of Stanford for first place at 11ft. 6 in.

Kern finished first in the high hurdles, but was disqualified for knocking down several barriers.

**POMONA WINS RELAY.**  
Pomona won the relay, in which Gillette got partial revenge for his defeat in the sprints by taking the race away from Jo Miller, who

donned a suit to see whether he could "come back." Miller had a lead on the first furlong, but Gillette overtook him in the stretch and won by a yard.

Campbell of Stanford took three first places. In the century he beat Gillette by a yard. There might have been another story to tell if Gillette had not loaded on the start of the 100-yard dash. He allowed himself to become bored by the Cardinal men and on the first turn Campbell and Miller got a big lead.

Dodge and Price romped home, with Sturgis a bad third, in the two-mile grind. The time was 10m. 7 1/2 seconds, which is the best the Cardinal joggers have done this year.

**SUMMARY.**  
Mile run—Fletcher (S.) first, Sturgis (P.) second, Bonnett (S.) third; time, 4m. 33 1/2 seconds.

The 100-yard dash—Campbell (S.) first, Gillette (P.) second, Nye (P.) third; time, 15 1/2 seconds.

The 100-yard hurdles—Smith (S.) first, Gillette (P.) second, Nye (P.) third; time, 1m. 10 1/2 seconds.

(Continued on Third Page.)

## PLAN POLO PLAY FOR CALIFORNIA SUMMER.

THE prominent polo players of Southern California, who have just completed one of the most brilliant winter seasons in the history of the State, have determined to give the great sport during the summer.

With that end in view the Weiss brothers, Carleton Burke and John B. Miller have arranged for a number of practice games at Pasadena to range throughout the summer.

The Pasadena first and second teams will participate in the games and it has been decided to hold a summer's tournament at Coronado in August.

The principal object of the summer's games is not so much for the benefit of the players themselves as it is for the fitting of the new polo ponies for the strenuous polo season which every one expects next winter.

There is a large number of ponies owned by the several prominent polo players of Southern California which have not been trained and which are called "green animals." This summer these will be ridden in a series of games. It is planned to have them trained to the minute before the winter season opens so that they will be in condition and properly trained to participate in the big games.

**LAIRD IS THERE.**

"Just take a look at that fellow bird on first," said one of the locals yesterday. "He will be a grand ball player in a year or two if he keeps improving for he looks awful good now." This seems to be what Dillon thinks and this is why he is being put on the pay roll.
